Abstract: This is my abstract about Lab0.

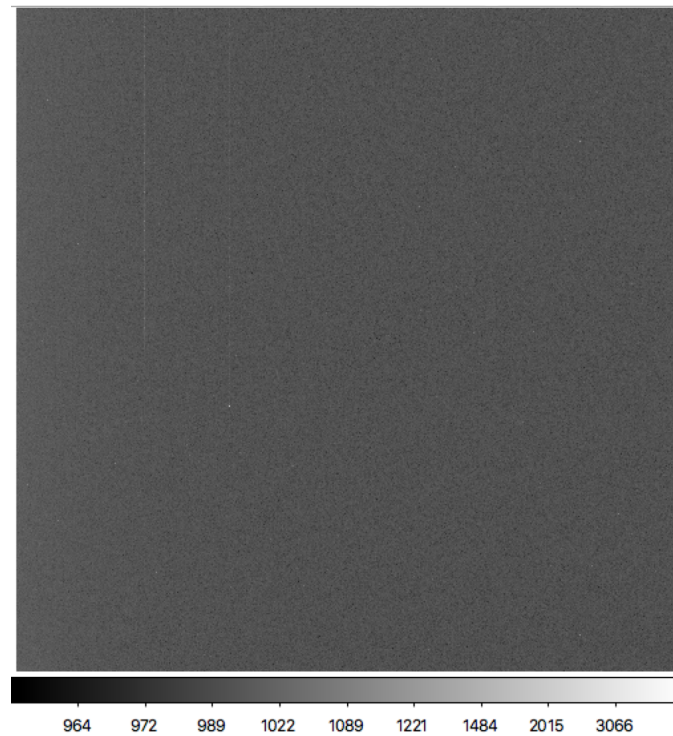

Figure 1: Bias frame

1 Background

CCD Cameras: Meaning of the various frames Spectrography

2 Procedure

Separated into sections perhaps similar to the lab manual.

3 Data Collection and Reduction

Many figures with descriptions, titles, legends, axis labels, units, etc. Equations as well

4 Results and Conclusion

I guess the bad pixel map and the resolution/dispersion of the spectrograph after it was all broken down.
